

Jessie WOMEN'S 11

1. Print this page at ACTUAL SIZE (100% scale).

Compare the scale marker on this page with a ruler.

If the scale isn't correct, your Xero Shoes will not fit correctly, so adjust your printer/copier scale settings.

2. Position your bare foot on this page so you can see the middle "strap line" somewhere in front of the webbing between your 1st (big) toe and 2nd toe.

If your foot extends past the border, try a larger size.

If there is more than 1/4" (6mm) between the back of your heel and the heel line, try a smaller size.

Remember, you can trim the toe area of your Jessie to match your foot shape.
